KEA PLANS

Print me. Keep me in the van.

How to mark up a plan

Write on the printed house plan with a pen, take a photo, and Kea Plans draws a clean electrical plan. Use the codes below and we can read every mark.

1 Write a code where each thing goes in capitals

S
Single power point

DS or **DP** or **DPP**
Double power point

SW
Light switch

2W
Two-way switch

L
Ceiling light

D
Downlight

WL
Wall light

TV
TV point

SA
Smoke alarm

FAN
Extractor fan

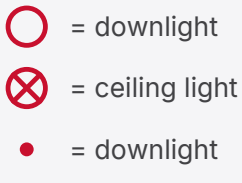

HP
Heat pump

Not sure? We ask.
Unclear marks, and D, DP and S, are checked with you.

2 Shapes, counts, notes

Shapes work too

More than one?
Add x2, x3 or x4

DS x2
=

Notes with arrows
Write it, point at the spot

Crossed out?
Cross it out. We skip it.

= ignored

3 For a perfect read

Pen

- ✓ Red or blue pen, not pencil
- ✓ CAPITAL letters
- ✓ About as big as the room names
- ✓ Not on walls or printed text
- ✓ One code per spot

Photo

- ✓ Page flat on a table
- ✓ Whole page in the photo
- ✓ Good light, no flash
- ✓ Hold the phone straight above
- ✓ One page per photo
